The team

IWI UNITED ENGAGED LIMITED

Commitment to advancing Maori health and wellbeing through the development of culturally informed and relevant research.

ANATOMICAL PATHOLOGY

The IUE whaanau were also invited to hui with Gavin Harris and his team in Wellington on 10 March 2023

The aim of this hui was to establish a connection a Maaori, discuss and seek guidance thru a Maaori Lens for the application of Computational Pathology (CPATH) algorithm related to breast cancer subtyping which has been developed diagnostic pathology services and research in Aotearoa New Zealand.

IUE welcomes Nathan Everitt

Nathan (aka Nate) has been working closely with Misty and Xiale engaging our Māori communities that are often disconnected from the opportunities within health research. Capturing the voices from our whānau within these spaces is crucial to better engagement with Māori communities and improvement of Māori health.

Ma te reo o te whaanau ka hanga huringa
Through the voice of our whaanau we will create change

Iwi United Engaged

Ki te kaahore he whakakitenga, ka ngaro te Iwi
Without foresight or vision the people will be lost

WHAKAHOU - REVISION

KARAKIA - To pray/a prayer - to help one another heal or to keep one another safe.

Iwi United Engaged

Ki te kaahore he whakakitenga, ka ngaro te Iwi
Without foresight or vision the people will be lost

He aha te mahi Rangahau - Doing Good Stuff

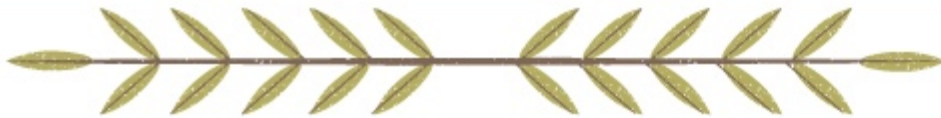

Our Hui was to learn how to better incorporate Kaupapa Māori Frameworks and honour Te Tiriti o Waitangi within our research and innovation in Aotearoa that affects Māori

EXTREMITIES - VEIN CARE

Gillian McCarthy invited the IUE whaanau to Christchurch
23 February 2023

MedTech Innovation Showcase was held at the Banquet Hall, Parliament Buildings earlier this year on Thursday 23 February 2023.

IUE did not attend this event but was featured through the collaboration of the MedTech IQ presentation development and through "whānau voices" included in the displays for the day.

Launch of Aotearoa Brain Project and symposium

Matua Koko Turuwhenua was asked to open this event and did so proudly. Indrinal Basak presented his Stem cell research which is exciting. Included in this presentation was the mahi Indranil is doing with IUE for community engagement.

If you are doing good stuff and would like us to share it through our pānui, please contact us whaea@iue.net.nz
