We personally invite you and your rangahau team into Kia Aroha Campus for our Whakaaturanga Rangahau Wiki Hauora (Health Week Research Expo) in 2024. The Kaupapa is Hauora (health) and Rangahau (research) with an emphasis on health conditions impacting our tamariki, rangatahi and the wider whānau.

HAVE YOUR SAY

My name is Carly Hanna (Ngāi Te Rangī), and I am a Masters student in the Department of Psychological Medicine at the University of Auckland investigating **the perspectives of Māori healthcare professionals and students** that involves psychedelic medicines.

We are inviting you to participate in our brief survey about psychedelic assisted therapy and its potential use for overall hauora across various health conditions.

Your perspectives will help improve research and treatments for our Māori people.
